

LICKING COUNTY TO SEND IN BID FOR STATE TUBERCULOSIS HOSPITAL

Four Hundred Acres Are Optioned Near
Picturesque Black Hand.

Site is High, Well Drained and Watered and
the Soil is Productive.

Licking County Will be Given a Hearing Before the State
Board Within a Few Days--Dr. Postal and Mr. Snel-
ling are Active in Efforts to Land the Prize.

Licking county is to put in a bid for the State Tuberculosis Hospital for which the state has made an appropriation of about \$65,000.

The land which Licking county will offer to the state lies in the vicinity Black Hand and is in every way adapted to the requirements.

Thus far over 50 sites have been offered to the state, but two-thirds are not in the contest for the reason that they lack the required elevation of 300 feet above sea level. The land near Black Hand (Toboso) is over 1000 feet above the level of the sea and has many natural advantages which should appeal to the state authorities.

In the first place the Licking river, which passes through Black Hand, provides an abundance of good water.

The drainage is perfect, the soil very productive, three hundred of the four

hundred acres of the proposed site being tillable, the remainder being high

land which is desirable for the needs of a hospital of this kind.

Dr. Harry H. Postal of Black Hand, and Mr. Jesse Snelling of this city are taking an active interest in the location of this hospital, and have secured options on about 400 acres lying south and west of Black Hand, the principal owners of the property being Messrs. Wickham, Haynes and Davis.

Dr. Postal told the Advocate over the telephone from Black Hand Tuesday morning that the State Board of Health and special Tuberculosis Hospital Commission are now giving a hearing to those who have sites to offer and that Licking county's turn will come within a few days, either this week or next. After each section having a site to offer is given a hearing, the Board of Health and special commissioners will personally inspect those sites that seem most favorable and will make their recommendation.

The state will buy the land that is recommended as the best site for the proposed hospital.

MRS. CHADWICK APPEARS WORN AT SECOND DAY OF HER TRIAL

General Belief That Another Day Will See the Conclusion
of Case--Directors of Oberlin Bank and Others.
Testify Today--Progress of Trial.

Cleveland, March 7.—The second day of the Cassie L. Chadwick trial found Mrs. Chadwick somewhat worn and nervous. It was the general belief at the opening of court today that another day would witness the conclusion. Again Dr. Chadwick failed to appear.

Ernest H. Hailey, director of the defunct Oberlin bank, told of the late President Beckwith advising the directors of his financing and ruin of the bank. J. F. Randolph, also a director, said that Cashier Spear at various meetings prior to the bank's failure did not mention any of the Chadwick loans. C. H. Dolittle, teacher in Oberlin college, and director, offered the minute book of the bank directors. Vice President A. B. Marshall of the First National Bank of Cleveland, said he knew Beckwith, Spear and the prisoner and that the woman kept an account with his bank. The witness said on October 12 or 13, last year, the woman telephoned him asking if the First National bank could handle a \$15,000 check drawn by her and certified by Mr. Beckwith. She said Beckwith was at her house and would guarantee the transaction. Marshall and Beckwith arranged in a phone conversation for Beckwith to send an official letter with the check. This was done and the money was delivered to Mrs. Chadwick at the Kennard House. The check was held until October 1, when it was charged up to the Oberlin bank in accordance with Beckwith's request. Marshall said he had similarly handled a big check for the woman previously. It was certified Marshall said the banking custom was to use "due diligence" in such matters. The witness identified the check with Mrs. Chadwick's signatures and Spear's certification on each. Marshall said: "It was unusual but not irregular" for a bank to hold checks as done with the Chadwick check. He said it was the custom to

MRS. CHADWICK

Believes Prosecution Will Fail to
Make Out Its Case--Accused May
Make No Defense.

Cleveland, March 7.—Mrs. Cassie L. Chadwick and her attorneys, J. P. Dailey, F. S. Wing and S. F. Kerusch, are confident that the government will be unable to prove its case, and although they will not discuss their plans, it is generally thought that they expect to secure the acquittal of their client more because of a feeble attack than through a strong defense.

Twenty-eight witnesses have been subpoenaed by the government, and as far as can be ascertained none have been summoned by the defendant. The trial has made rapid progress. The jury was accepted within two hours and the opposing counsel have outlined their cases. The jury is by lawyers considered a good one for Mrs. Chadwick; the evidence against her will naturally relate largely to banks and banking procedure, and there is not a banker or a busi-

GAS CITY FIRE

Nine Business Houses Burned Entailing a Loss of \$100,000—A List of Those Wiped Out.

Gas City, Ind., March 7.—The Fred Rothringhouse block, occupying a half square in the center of the city, was destroyed by fire. Nine business establishments were burned with a total loss of \$100,000. The establishments burned out are the People's Clothing Company, Evans & Hurford, grocers; Kimmel Brothers, hardware; Einstein & Co., dry goods; the Gordon Furniture company, the Webb saloon, the Central Union Telephone company, Dr. A. Whitesides, physician, the Rothringhouse drug store and a number of living apartments.

STANFORD CASE

Report That Chemists Found No Strychnine in the Organs of Dead Woman.

Honolulu, March 7.—There is a report in circulation here, which is considered to be well founded, to the effect that the chemists have failed to find strychnine in the organs of Mrs. Stanford analyzed by them, but that they have found indications of the poison, and will probably so testify at the inquiry, saying that while the presence of strychnine was not detected by the analysis, they are convinced of its presence. High Sheriff Henry has engaged a room at the Moana hotel in which to hold the inquest. After a consultation with the chemists the high sheriff said that he knew no more as to whether or not strychnine had been found in the organs than he did at first.

Attempted Assassination.

Warsaw, March 7.—An attempt was made today to assassinate M. Mar- chasson, and M. Manitius, factory directors. The assailants were arrested

TRAFFIC

Is Paralyzed by a Strike in New York City.

SIX THOUSAND MEN ARE OUT

Cars Moving Slowly in Charge of Non-Union Men--Trouble This Morning.

Washington, March 7.—Samuel Gompers, president of the American Federation of Labor, went to New York this afternoon to look into the strike on the Interborough lines.

New York, March 7.—Transit facilities were paralyzed at 4 o'clock this morning when 6000 motormen, trainmen, gatemen and ticket sellers employees of the Interborough Rapid Transit company, struck because of a number of grievances, chief of which were the demand for a change in the physical examination of motormen and shorter hours and ten per cent increase in the pay for employees. The officials partially refused to grant the demands.

The strike affects the subway and elevated lines which carry more than a million passengers daily. Cars were promptly manned by nearly 1000 strike breakers. This morning there was much congestion of trains and interruption in the movement of trains. Three thousand police were detailed to preserve order and protect property.

President Popper, of the National Street Railway men's Union, and President Jenks of the Firemen, are in charge. The men claim General Manager Frank Hedley, of the company, purposes to disrupt the union.

Cars are moving slowly today in charge of non-union men. Pinkerton detectives and a few passengers are aboard. The first serious trouble occurred on the subway at 110th street. A number of men boarded the train and blew out a fuse, disabling the train. A crowd then rushed into the station, boarded the train and brutally beat the conductor. He was rescued by the police, but was seriously injured.

Emergency cords, which control the brakes, and by which a passenger can stop a train, have been removed, to prevent strike sympathizers from stopping trains and blocking the road.

Charles A. Dougherty, a switchman in the subway tower at Fulton street, locked himself inside the tower and refused to operate the switches or to allow any one to enter. He was arrested

Gas Explosion.

Bloomington, Ind., March 7.—The purifier at the gas works exploded, wrecking the building. William Vanalis and Clinton Hollis were injured, but will recover. Windows were shattered for a radius of two squares. The windows of the coaches of the Monon passenger train standing at the station were broken, causing a panic among passengers.

QUADRUPLE TRAGEDY

Mother and Three Children Dead and the Head of This Arkansas Family is a Prisoner.

Danville, Ark., March 7.—A quadruple murder was committed at Whiteley, about 12 miles from Danville, the victims being the wife and three children of James Ince, a farmer in that locality. Ince is suspected of the crime and is in jail. The dead bodies of the woman and children were found by neighbors. An ax had been used by the murderer and the heads of the victims were split and crushed, showing that in each instance a heavy blow was struck. The four persons had been slain as they slept.

DOZEN HURT

When Chicago Elevated Left The Track at Switch Today.

Chicago, March 7.—Twelve persons were injured and two seriously, when a Chicago elevated train left the Market street switch and pinned down a coach overturning any passengers to the floor as it dashed along the track. When the train lost its upright po-

TOKYO HEARS RUSSIANS ARE NOW ABANDONING MUKDEN

Kuropatkin Reports Japs are Driven Back at All Points.

Great Battle Was Renewed This Morning With Heavy Artillery Fire.

Heavy Roar Heard on all Sides of Mukden--Russia Is to Send Four Hundred Thousand More Men to East to Crush Japan.

sition, it toppled inward and was saved from being precipitated twenty-five feet to the street below. Fifty passengers were aboard the train. They were thrown into a panic. Miss Judith Strom of Austin was thrown through a window and was pinned underneath the car and was badly crushed. G. L. Stewart and G. E. Luthardt of Oak Park, and J. P. Henley, and H. P. Hollis were seriously hurt. The passengers were removed from the structure by ladders. The accident is said to have been due to too hasty turning of the switch.

STEEL PLANT

At Hammond, Ind., is idle as the result of a Walkout—Alleges Contract Violated.

Hammond, Ind., March 7.—The plant of the Republic Iron and steel works is idle as the result of a walkout. Following a reduction from \$1.50 to \$1.05 for seven hours Sunday work, 300 laborers struck. This action was followed by a sympathetic walkout in every department of the works, which employ 2,000 men. Superintendent Crane has issued a statement in which he says a three months' lockout will be enforced if the men do not return to work at once. The strikers allege that the company has violated the wage contract which was signed in Chicago last summer.

A FATAL DIVE

Mile. Adeline Antonio Who Came from Europe Received Injuries at Coney Island.

New York, March 7.—While making a backward dive from the top of the 120-foot tower at Luna park, Coney Island, Mile. Adeline Antonio, recently came here from Europe, received injuries which it is feared will prove fatal. The accident took place at a private exhibition, attended by 200 persons. As Mile. Antonio struck the center of the net into which she had made her dive it gave way, and she struck the ground. She was picked up unconscious and was found to have sustained internal injuries and a fracture of the left leg.

Emergency cords, which control the brakes, and by which a passenger can stop a train, have been removed, to prevent strike sympathizers from stopping trains and blocking the road.

Charles A. Dougherty, a switchman in the subway tower at Fulton street, locked himself inside the tower and refused to operate the switches or to allow any one to enter. He was arrested

Chief of Police Killed.

Eyelotok, Poland, March 7.—District Chief of Police Jeletachin was shot and killed while attempting to disperse a crowd of workmen who had met outside the town.

Fishing Interests Want Action.

St. Johns, N. F., March 7.—In view of the fact that the Hay-Bond treaty has not been ratified by the United States senate, local fishing interests are urging the colonial government to cancel the modus vivendi and enforce the provisions of the bait act against American fishermen during the present season. The government is inquiring into the whole question with a view of adopting the most effective means of proceeding against American fishermen.

MacArthur at the Front.

Tokyo, March 7.—Major General MacArthur of the United States army, accompanied by his aides, Captain Parker W. West of the Eleventh cavalry and Captain John Pershing of the Fifteenth cavalry, will leave Tokyo for the front March 9 as military observers with the Japanese armies. United States Minister Louis C. Glavis is making arrangements for their departure, which he is expediting in every possible way.

Left 2,000 Dead.

St. Petersburg, March 7.—A report from Mukden today states that the battle before Mukden was renewed this morning. The artillery fire is reported to be very heavy. The carnage caused by the desperate fighting is reported to be fully as great as on previous days of the great struggle.

Martial Law at Baku.

London, March 7.—A dispatch today from St. Petersburg states it has been officially announced that martial law has been declared at Baku, an important sea port of Russian trans-Caucasia.

TO CRUSH ENEMY

Four Hundred Thousand More to Go to the Far East—Decision of the Russian War Council.

London, March 7.—There has been no cessation of the fighting between the Russians and the Japanese armies in Manchuria. Russian reports state that at a recent time the tide of battle in the more northern vicinity of Mukden seemed to be ebbing. The most that the war critics at St. Petersburg seem to hope for at present is that General Kuropatkin has succeeded in reestablishing his line of retreat in the direction of Harbin. Word has reached Novocherkassk which however has no confirmation from other sources that the Japanese are already north of Mukden with a large force and that the Russians are driven to a disastrous defeat. There appears to be a possi-

ble that General Kuroki has drawn off a portion of his army from the center and sent it to reinforce the divisions engaged in flanking movements.

General Kaulbars, the most trusted of General Kuropatkin's officers, is personally in command of the Russian forces in the triangle between the railway and the Hun river, which vital position the Japanese have been assailing for several days. Russian reports admit that 12,000 men have been wounded, but make no mention of the number killed, and at the same time assert that the Japanese have lost 30,000 in killed or wounded.

The correspondent at St. Petersburg of the Times wires: "Reassuring dispatches claim that the Japanese already have used all their reserves. If he receives positive information on this point General Kuropatkin will hurl his entire force south and southwest of Mukden and try to break Oyama's army. At a preliminary meeting of the war council General Dragomiroff presiding, General Gripenberg was present. It was proposed to send an additional 400,000 men to the far east."

Strike in St. Petersburg.

St. Petersburg, March 7.—The strike was resumed at the Putiloff, Ouboukhoff and several other works, and is now extensive, though not general. At the Ouboukhoff works, which are engaged on naval contracts, the management had warned the men of its intention to close entirely if they struck. Monday afternoon the director preferred a request to the minister of marine that the company be allowed to shutdown its factory and cancel its contracts. The men employed by the American Westinghouse company are also out, but they have manifested the best of feeling toward the management, saying that only the refusal of the government to grant the demands of the workmen regarding the Schidlovski conciliation commission had compelled them to strike.

Japanese Successes.

Washington, March 7.—The Japanese legation received the following dispatch from the foreign office at Tokyo: "In the direction of Hingking the enemy on the morning of March 5 was still obstinately resisting. In the region of Shaho our detachment attacking the height north of Penfulupau, four miles east of Wartusban, captured the enemy's first position on March 4. Our detachment near Huan-sen-pao-tsai captured the Russian redoubt on the heights at dawn on March 5. In the region east of rail-way on the morning of March 5 we occupied Liuchungtu, two miles southeast of Wanpanashan, and are now besieging a part of the enemy in that village. In the region of the rail-way on the same day we occupied Hang-cheng-shi Hsiosu-chia-pao, and are continuing the advance on the offensive. The railway station at Suichuan is burning."

Marked For Assassination.

St. Petersburg, March 7.—Grand Duke Vladimir. It is reported, has again been marked for assassination, in spite of the promises contained in the imperial rescript issued on March 3. On account of the receipt recently of several warnings and terrorist notifications, the sentries about the grand duke's palace have been doubled and ordered to exercise special watchfulness. According to a recent report a terrorist disguised in the uniform of a general's mate to gain access to the grand duke on Saturday. On being searched the man was found to be armed with a loaded revolver.

Again Repulsed.

General Repnayoff, Headquarters, Tientsin, March 7.—The Japanese again started Tuptian and other fortresses on the extreme left at 10 a.m. on March 7, 3rd col. Their attacks were repelled. There appears to be a possi-

IN THE COURTS

TRIAL OF BENJ. FRANKS PUT OFF TILL NEXT TERM.

New Jurors Drawn—Property Transferred—Will Probated—Court House Items.

In the case of the State of Ohio vs. Benjamin Franks, indicted for horse stealing, the trial of which had been set for today, upon affidavit that Milton Harris is material witness for the defendant, and without whose testimony it would be prejudicial to the defendant to go on trial, the case was passed to next term of court, which convenes in April. A subpoena had been issued for Harris some days ago, but he was not found.

Lingafelter Bankruptcy Status.
The matter of the involuntary bankruptcy proceedings had against James F. Lingafelter Monday before Referee Rogers does not change the matters at issue; it simply now goes to the referee who will call by printed notice for all persons who have claims against Lingafelter to present them within a specified time; at the end of said time there will be a time fixed for hearing by said referee and at which time Lingafelter will have the right to appear and object to and contest any or all claims that may be presented against him.

Mrs. Grasser Wants Divorce.
Sheriff S. L. Redman Tuesday received a summons and copy of petition from Lebanon, Warren county, in the divorce case of Ella R. Grasser vs. George D. Grasser. Service was made Tuesday afternoon. Mrs. Grasser charges her husband with failure to support and drunkenness, and asks to be restored to her maiden name of Ella R. Blaine.

A Gambling Suit.
Ella Cochran has commenced suit in "Squire Lake's" court against Clarence Herbert, Clarissa Herbert, Harry B. Wheeler and John Greeley. Plaintiff says she is the wife of David T. Cochran and the mother of three children, the youngest of whom is about one year old, and that she and the children are wholly dependent upon David F. Cochran for their support and maintenance. She charges the defendants with keeping a gambling place, and that between the 22d and 24th days of February, David Cochran, on a scheme of gambling, paid \$48. Plaintiff therefore sues for \$48 and \$252 exemplary damages amounting in to \$300, and for her costs. E. S. Randolph, plaintiff's attorney.

In Probate Court.
In the Probate court Tuesday afternoon the case of Martha A. Farmer was heard and decision will be rendered next week. Mrs. Farmer is a blind woman and seeks aid under the statute.

Ohio vs. Kerr.
Deputy Sheriff Charles H. Hindel was in Utica Tuesday serving subpoenas in the case of the State of Ohio vs. Kerr.

Trustee Reappointed.
At a meeting of the County Commissioners held Monday James E. Jones was reappointed a member of the board of trustees of the Children's Home.

Jurors Drawn.
The following named extra petit jurors were drawn by Sheriff Redman and Clerk Hursey Tuesday morning: John Atwood, Lima, township; Joseph F. Smith, Newark city; F. L. Deggs, Newark city; E. L. Jones, McKean township; J. J. Post, Hartford township.

Will Probated.
The will of the late Dr. Edward Vail has been filed for Probate, and the hearing will be had on Saturday morning, March 1, at 9 o'clock.

Granted a Divorce.
In the Probate court on Tuesday afternoon Nellie Barr was granted a decree of divorce from her husband, Louis Barr. The case is brought on the grounds that Barr was convicted of horse stealing and is now serving a term in the intermediate penitentiary at Mansfield.

Sheriff Sales.
James M. Vermillion vs. Henry Vermillion, order of sale in partition: 160 acres of land in Hanover township, Sale day, Saturday, April 1. Appraised at \$2500.

Geo. P. Webb, receiver vs. Dwight Pierce; house and lot in Concord, Liberty township. Appraised at \$100. Sale day, April 8.

Gertrude Harris vs. Wm. Wilson et al; order of sale in partition: 20 acres of land in Falsbury township. Appraised at \$300. Sale day, Saturday, April 8th.

Court House Notes.
The County Commissioners were engaged in allowing sheep claims Tuesday, and the same will be paid in June under the new law.

Emma Alexander has been qualified as executrix of the estate of Ralph Alexander, deceased. Bond, \$500.

Divorce Suit Dismissed.
The divorce case of Jessie Vanatta against James D. Vanatta, brought in the Probate court some time ago, has been dismissed by the consent of the parties.

Real Estate Transfers.
Mary M. Stickle and George M. Stickle to Dennis Hickey, 1627 in Buck-

Ingham and Wilson's addition to Newark, \$1 and other considerations. Margaret J. Snider to W. N. Fulton 45 acres in St. Albans township, \$2100. The Tallmadge Realty Company to Minnie M. Cupper, lot 232 in the Tallmadge Place addition to Newark, \$155.

Urias Shaw and wife to Caroline Vogelmeier, real estate in Newark, \$1 and other considerations.

Triss Hammond and husband to Wm. B. Vanatta, 70 acres in Lima township, \$300.

GREAT WORK

OF MUCU-TONE, KING OF CATARR CURES.

"When I first heard of Rexall Mucu-Tone," said Mr. Frank D. Hall, "I was not particularly interested in it. Of course I knew that every Rexall Remedy was made of the best material by the most experienced chemists and pharmacists. I looked upon this product as one of the regular line of remedies, such as we had on our shelves; at the same time I thought it might be a good thing, but was not at all excited over it.

"The formula struck me as being something new and good, so much so that when I first took hold of Mucu-Tone I毫不犹豫地 recommended it to several chronic sufferers from catarrh customers of ours. In a few weeks reports began to come in to us, we heard of the prompt cure of case after case of catarrh that stubbornly resisted every other medicine. Then our interest grew, until actually our clerks began to get excited.

"Now you can say for me that I am honestly and earnestly enthusiastic about this splendid remedy, Mucu-Tone, as it is not only a cure for Catarrh, but it is the most wonderful tonic I have ever sold.

"Our customers are beginning to realize this for we find on inquiring of a purchaser what the nature of their trouble is, they say they don't know—they just feel bad, and Mucu-Tone was recommended by a friend who was cured of the same trouble. Just such statements as this are what have occasioned my confidence in Mucu-Tone.

"You know," continued Mr. Hall, "we druggists are rather apt to be skeptical of medicines. We doubt the first cure or two—oftentimes confidence cures sickness—but in Mucu-Tone I have realized since the first week I handled it that it was not confidence that was curing, but the medicine, and it is the cures that the medicine has made that is giving such enormous sales. Our guarantee to refund the cost in every case where Mucu-Tone doesn't give satisfaction has proved a winner. Our percentage of returns is so small we have got now so we don't keep track of them. That shows the real value of Mucu-Tone as a general tonic and rebuilding and a specific for catarrh. I now have a trial size bottle at 50 cents."

FANK D. HALL.

ST. PAUL'S CHURCH

Dorcas Society Meets Tonight as Will Chas' Council—Lenten Services Tomorrow Morning.

The Dorcas Society of St. Paul's Lutheran church holds a social session in the lecture room this evening. The program is as follows:

Recitation, Miss Lucretia Tyre; piano solo, Miss Charlotte Kuhn; violin solo, Miss Van Dusen, Miss Amy Alspaugh accompanist; vocal solo, Miss Mary Effinger, Miss Early accompanist; recitation, Miss Georgie Arbaugh; piano solo, Miss Bessie Taafel; vocal solo, Miss Doris Avery; recitation, Miss Mary Mikesell; piano trio, the Misses Florence Bell, Margery Coulter and Mary Swingle; vocal solo, Mr. George Gander; recitation, Miss Nellie Early. A ginger bread lunch will be served at the conclusion of the program. An admission of ten cents is charged.

The Council of St. Paul's Lutheran church will meet this evening at 7:30 o'clock. Reports of important work recently done will be made.

Lenten services will be held at St. Paul's Lutheran church tomorrow morning at 10 o'clock and at 7:15 p.m. At the morning worship Pastor Schindel will deliver a sermon on "The Right Use of Lent." At the conclusion of the evening worship the officers and teachers of the Bible schools will hold a conference at which the Canon of the Scriptures will be discussed, and arrangements will be perfected for the purchase of a library for the rapidly growing primary department of the Bible school.

One British regiment has been in mourning for more than a century. This is the old Forty-seventh, the Royal North Lancashire regiment, the officers of which wear black blended with gold braid, in memory of General Wolfe, who was killed at Quebec.

Frank J. Cheney takes out that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio, and is a member of the Board of Trade. He has given the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Known to before me and subscriber to my practice, this 6th day of April, A. D. 1905.

Hall's Family Pills are the best.

NEWARK BOY

WAS THE VILLAIN IN PLAY AT THE AUDITORIUM.

Crowded House Saw First Performance of Wilbur Company Monday Night in This City.

The Wilbur Mack company, headed by the jolly comedian, Wilbur Mack, opened a week's engagement last night before an S. R. O. audience, presenting "Grit, the Newsboy." Although this play has been presented here before, it lost none of its attractiveness by its rendition by this clever company. Mr. Mack is well known here, as is Miss Gertrude Lewis, the winsome soubrette of the company. Her work is characterized by carefulness as to detail, and animation that wins her auditors from the start. She has a charming soprano voice, which she displayed to good advantage in her rendition of "The Holy City." The supporting company includes Mr. Arthur Bryan, a former Newark boy, who is "Count Cordin," the villain of the play did some very clever work. He has a fine stage presence, which adds materially to his work.

E. H. Clark in the character of the Kentucky Colonel, proves himself an excellent actor. The remaining supporting members were all good in their various roles, and the specialties between acts were excellent.

Tonight the company will produce the sensational melodrama entitled, "Under a Shadow," with an entire change of specialties between the acts. The company will lay off Wednesday night for the "Prince of Pillen," resuming its engagement on Thursday evening.

Now you can say for me that I am honestly and earnestly enthusiastic about this splendid remedy, Mucu-Tone, as it is not only a cure for Catarrh, but it is the most wonderful tonic I have ever sold.

"Our customers are beginning to realize this for we find on inquiring of a purchaser what the nature of their trouble is, they say they don't know—they just feel bad, and Mucu-Tone was recommended by a friend who was cured of the same trouble. Just such statements as this are what have occasioned my confidence in Mucu-Tone.

"You know," continued Mr. Hall, "we druggists are rather apt to be skeptical of medicines. We doubt the first cure or two—oftentimes confidence cures sickness—but in Mucu-Tone I have realized since the first week I handled it that it was not confidence that was curing, but the medicine, and it is the cures that the medicine has made that is giving such enormous sales. Our guarantee to refund the cost in every case where Mucu-Tone doesn't give satisfaction has proved a winner. Our percentage of returns is so small we have got now so we don't keep track of them. That shows the real value of Mucu-Tone as a general tonic and rebuilding and a specific for catarrh. I now have a trial size bottle at 50 cents."

SUGAR CAMPS

In Full Operation in Beech Woods and Farmers' Poultry is Suffering. Whooping Cough.

Thornville, Ohio, (Beech Woods)—March 7—Sugar camps are running on full time twenty four hours to the day. Farmers are realizing their harvest in this line of industry from 6 a.m. to 12 p.m. The rest of the time is occupied with barbecues in the good old "circus-sally" style. The greatest liberties are taken with the maple syrup stored away in the camps. The farmer's turkeys, geese, chickens and ducks have suffered in consequence and lately it is reported even a hog has been carried away for this purpose.

Whooping cough is raging through here, and its victims are numbered from the babe in the crib to the gray-haired and feeble with age. The young babe of Allen Winegardner has been dangerously ill with this disease. Chas. Turner is also confined to his room with the disease complicated with an attack of pleurisy. Ira Foster and Allen Chalfant are able to be out again. The other cases are reported to be very slowly improving.

ST. JOE ROAD.

Messrs. Jerome McKinney of Somerset and Charles McKinney of Columbus are visiting relatives here this week.

Miss Eleanor Dunan is spending a few days at the Anderson home.

Messrs. Thos. and Gus Carrico were in Newark a few days last week.

Mr. and Mrs. Mattingly were called to Danville last week on account of the serious illness of Mr. George Sapp, Mrs. Mattingly's father.

Mr. Gordon Miles returned from Columbus Thursday.

Mrs. George Alberry was the victim of a very pleasant surprise Friday evening, but soon rallied from the shock and proved a very entertaining hostess. Flinch and other games afforded much amusement and elegant refreshments were served.

JERSEY.

Mr. L. C. Marsh and daughter, Eleanor and Mr. and Mrs. G. H. Berger attended the funeral of Mrs. Rhode Beaumont at Alexandria Monday.

Mrs. Marvin Bean and son Reid of Columbus, were the guests of Jacob Cornell Saturday.

Frank Beals and wife of Summit Station were the guests of Walter Albery Sunday.

E. R. McClay has bought an interest in T. A. Dickerson's store here.

W. L. Whitehead and wife attended the funeral of Mrs. Lilah Starr McDonald at Central College Wednesday.

Mrs. Lillie King is the guest of friends in Columbus.

If it is a bilious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by all druggists.

Greece and the Ionian Islands produce more emery than any other country on the globe.

MUSICIANS

In Good Standing in the Union No. 122, Newark—A List of Orchestras is Given Below.

The American Federation of Musicians, Local No. 122, Newark, Ohio, wishes to announce to the public that the following orchestras and bands are in good standing in the Musicians Union:

Painless, Natural Childbirth.

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She owes it as a duty to her unborn babe, and to herself; her duty to her unborn babe is to use every means within her power to aid his entrance into the world. Baby cannot help himself in this ordeal, therefore mother must. He has had enough time after his arrival, so let us make his coming easy. His health after life depends greatly upon the manner of his coming; would you have your child a cripple, or would you have him a tower of strength? Strength are but grown-up children; a famous surgeon in Vienna is devoting his life-work to the cure of little helpless cripples, deformed by birth; do not allow your child to become a cripple.

Mother's Friend

Is a liniment which will forestall any possibility of accident at birth; that is, it relaxes all the abdominal muscles and tissues, and permits of an easy access to the child. It eases the mother's pain, and so assists nature that when baby comes he starts out in life with a constitution well able to fight life's battles, and to bloom into strong pure manhood that is the comfort and delight of every true mother's heart.

One dollar is the price at all drug stores. Send for our book on "Motherhood." It is free.

NEWS IN BRIEF

E. F. Collins & Co., Opticians, over Sturdevant's Jewelry Store, North Side square. 2-6dt

Lemert Relief Corps.

There will be no meeting of the corps on Wednesday.

The Spring Vacation.

The April vacation of the public schools will be from March 25 to April 19.

Police Court.

One plain drunk made up the business disposed of by Mayor Crilly in the police court Tuesday morning.

Carpenters Wanted.

Apply at office of Ohio Bottle company, the Everett plant, tomorrow (Wednesday) morning, and ready for work. 7-1t

Bar Tenders Notice.

A bar tenders meeting will be held tomorrow afternoon at 2:30 to make arrangements for the funeral of John Ross. All members are requested to be present. C. L. Walton, Rec. Sec.

Case Was Continued.

J. A. Dundon, chief of detectives of Columbus, was here Tuesday in the case of Ben Frank and Mary Frank, charged with horse-stealing. The case however, has been postponed until the next term of court.

Plymouth Congregational Church.

Evangelistic services tonight will begin at 7:15 o'clock. The gospel is preached in sermon and song. All Christians are asked to give us their help that the kingdom may be advanced. Good singing and a gospel message tonight at 7:15.

Lenten Lectures Begin.

The first of a series of Lenten lectures will be given tomorrow evening in St. Francis de Sales church by the very reverend rector on the subject, "What Geology and Nature Tell Us Concerning the Creator." Wednesday and Friday evening during Lent, 7:30. No collections, free to all.

Mr. Cochran on the Tribune.

Mr. Henry C. Cochran, who a few years ago quit newspaper work to manage his farm near Hebron, returned to Newark Monday and again took up the quill in the interest of the American-Tribune. Mr. Cochran has had abundant experience and he has many friends who are welcoming him back to the city.

Mr. Long Quits Newspaper Work.

Mr. Charles L. H. Long, who for several years has been a reporter on the American-Tribune, resigned Monday evening to accept a position with Mr. A. L. Rawlings, the North Side piano dealer. Mr. Long is a well known and capable man who has a host of friends over the city, all of whom will wish him success in his new work.

East Main Methodist.

The East Main Street M. E. church revival continues with increased interest. Decisions were made in each service on Sunday, and last night's meeting, while not as large in attendance, was one of great spiritual profit and blessing. From one to several are seeking Christ in every meeting. Song service begins tonight at 7:30.

Revival Meetings.

Last night at the East Main street U. B. church, Professor Cline gave a searching heart talk that was appreciated by all who were present. At the after service which he conducted the afi space was filled with earnest workers. Tonight at 7:30 Professor Cline will speak again. All who are interested in their soul's salvation are invited to be present.

The New Postmaster.

Mr. George D. Heisey, who was recently appointed postmaster of Newark, has as yet received no information from Washington or elsewhere as to when he will begin his duties in the postoffice. Mr. Heisey said that he had received no personal message saying that his nomination had been confirmed, but the confirmation was announced several days ago in the Washington press dispatches. It is thought that Mr. Heisey is to take the office about April 1.

Rural Carriers Notice.

It is violation of law for a rural carrier to haul any passenger. Some Western carrier asked this question, "Should I see an old lady along the road with a sprained ankle and utterly unable to go any further, what should I do?" The Postmaster General said, "You have no right to haul any passenger, but you should take the old lady in to ride." Another question was asked, "Should I overtakes a young lady who is tired from walking and she should ask to ride, what should I do?" The answer was, "Tell her to pray her ankles and get in and ride."

CLERK'S UNION.

Meeting of Clerks Union No. 178 on Thursday, March 9th, at 7 p.m. Business of importance. Frank Cain, President. 3-7-2t

Hard to Get Rid Of.

Kate—Tom is an easy-going fellow, I think. Belie—Never thought so when he called on me.—Saratoga Journal.

Breaking Loose.

You smoked only ten cigars on Saturday night; that's one a day. Not ten on the last day, —Harper's Bazaar.

Advice.

Everybody likes advice, said I. True, but if it's a right man, he'll take it, and if it's a wrong man, he'll ignore it. —Washington Star.

Reception given to new rector of Trinity church last night.

JOHN ROSS

Died Tuesday Afternoon at the Home of His Daughter, Mrs. Mary Crawford.

John Ross, one of the best known men of this city, died at the home of his daughter, Mrs. Mary Crawford, wife of Frank Crawford, a popular Baltimore and Ohio conductor, at 29 Webb street, on Tuesday afternoon, about 1 o'clock, after an illness of about ten days with stomach trouble. The deceased, for the past several years had been employed by Mr. R. C. Bigbee in the Lost Run saloon on West Main street. Besides his daughter, Mrs. Crawford, he leaves one brother, Fred Ross, and one sister, Mrs. Pleasant Jones of South Second street, to mourn his death. At this writing no arrangements have been made for the funeral.

**MUCH NEEDED**

Is Improvement in City Light Plant Asked for by Board of Public Service.

The report of the Board of Public Service to the City Council Monday night, explains the necessity for new improvements and the purchase of up-to-date electric appliances for the city light plant. The machinery in the present plant, which was never the best, is badly worn, and some of it is absolutely useless. Besides, the city of Newark has grown in population and area until it is nearly double in size what it was when the present light plant was installed. The Board of Public Service shows in its report that more lights are needed and that the present arc lights are by no means the up-to-date appliance that is now needed. The additional bond issue of \$15,000, which the Board of Public Service asks the Council to authorize, will provide for a new equipment that will furnish 400 arc lights of the latest and best type, and very much superior to those now in use. By this equipment the plant could furnish 350 arc lights instead of the 281 now in use, and have 50 lights in constant reserve. This new equipment, too, would enable the Board of Public Service to save the city some \$4,000 a year in the running expenses of the light plant.

The improvement is much needed for a considerable portion of the city is now either inefficiently lighted or not lighted at all.

The Unearned Increment.

The advocates of Single Tax have much to say about the unearned increment that goes to the owner of the real estate and escapes its share of the burdens of government under our present taxing system.

We have no doubt that the unearned increment is in the farms and town lots, but most people confess that they cannot fully understand whether or not the increment is earned or unearned. When men raise corn on the bald hills of southeastern Ohio for 35 cents a bushel, it must be admitted that the increment is earned and probably more than earned.

But here is another kind of increment that the great majority not only understand, but suffer from, as well as recognize as being unearned.

That is the increment of official and political position which seeks the pocket of the grafter as naturally as water runs down hill.

Take as examples the increment that the tax inquisitor squeezes out of the living and dead alike, for performing duties that other county officials are paid to perform, thus producing another crop of unearned increment.

The special inspectors sent out by State Auditor Gilbert, chiefly to promote his political ambitions, are "growing fat and sassy" on the unearned increment which is drawn from the pockets of the taxpayers in the countries they visit, and every time they visit them.

For the past ten years the two-thirds majority Boss Cox legislatures

have been drilling the unearned increment seed into the soil, until it has about checked all other kinds of harvest.

Why not swipe it off the Buckeye slate and get back to plain work and honest methods.

For An Impaired Appetite.
Loss of appetite always results from faulty digestion. All that is needed is a few doses of Chamberlain's Stomach and Liver Tablets. They will invigorate the stomach, strengthen the digestion and give you an appetite like a wolf. These Tablets also act as a gentle laxative. For sale by all drug-gists.

COSHOCTON LINE**COST OF TUNNELS ESTIMATED AT \$50,000.**

Mr. Smith Burned in Piano Factory
Fire is Now Out of Danger—Gas
for Roscoe, Ohio.

Coshocton, O., March 7—This week will see something definite done about the Zanesville-Coshocton traction line and its entrance into Coshocton. Attorney S. H. Nicholas, who is secretary of the company, states that the company will appear before the local board of trade sometime this week and lay their plans before them. Engineer Ginn has completed an outline map of the route of the line proposed both in the interurban and city system. He has said definitely that the only way the line can be built into Coshocton is to tunnel in and tunnel going out, making an approximate expense of \$50,000 for holes in the ground. The Coshocton end of the matter will be taken up at once, as on account of the vast expense, it is said not to be at all certain that this city will be on the route. However, work is going ahead to close up rights of way to this point, both north and south. Engineer Ginn goes to Orange and lays out the route northward to the point from which it will be determined whether the lines will run to Canal Dover or New Philadelphia, and will be followed Tuesday by W. S. Merrill to close up the rights of way. The same thing will take place later in the week from Adamsville, coming this way.

Coshocton Notes.
Coshocton, O., March 7—William Wickens one of the oldest and the oldest resident of Coshocton county died at the home of his son, George Wickens, in the south end of Roscoe Saturday afternoon. He was 90 years of age.

Coshocton's tenth novelty advertising company has been incorporated, although it is not certain that its location will be in this city. It is the Coshocton Leather Advertising company.

Anne Smith, who was burned at the piano factory fire is now out of all danger.

There was realized from the sale of seats, etc., for the old folks' concert, given by the ladies of the Presbyterian church \$249.50. The expenses were \$68.22.

The Coshocton Gas company is going after the franchise to furnish Roscoe with light.

Cuban Cabinet 10c cigar has merit. Ask your dealer. 14ts13*

CLEANLY WOMAN.**Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.**

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff! She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

C. T. Bricker, Special Agent.**Correcting the Temperature.**

"The Russians claim they lost last battle because the weather man made it too cold for them. Do you believe it?"

"Not much. It was because the Japanese made it too hot for them."—Detroit Free Press.

THE WILES, ERMAN DRUG CO.

My daughter was very pale, nervous, thin and suffered with severe pain in her back so that we took her out of school. Her flesh became blue and she could not retain her urine. I spent over \$100.00 for medicines, but she grew worse. Finally I bought a bottle of Thompson's Barosma, Barkache, Kidney and Liver Cure and she began to grow better right away. Five bottles of Thompson's Barosma made a complete cure and today she is a perfectly healthy girl. Thompson's Barosma saved her life, for she was failing so fast that death was not far off. Thompson's Barosma works wonders.—FRANK D. MERRON, Pleasantville, Pa. Thompson's Barosma, \$5.00.

ADVOCATE WANT ADS**

THE WILES, ERMAN DRUG CO.

**Wilbur Mack in "Under a Shadow"
Auditorium Tonight.**

WILBUR MACK COMPANY.
The Wilbur Mack stock company will be at the Auditorium all this week except Wednesday night. The following is the repertoire of plays to be presented: Grit, the Newsboy, Idaho, Under a Shadow, A True Irish Gentleman, and the new musical comedy, Mr. West from the East. High class modern vaudeville will fill the interval between the acts and popular prices will prevail, 10, 20 and 30 cents. Seats now on sale.

THE PRINCE OF PILSEN.

Although this is the third year of continual success of "The Prince of Pilsen," which was produced and is still looted by Mr. Henry W. Savage, and is the joint work of Pixley and Loders, this delightful production seems to gain in prestige and charm as each year goes by, and is now established as the international standard musical comedy success of the age. "The Prince of Pilsen" played an engagement of five months at the Shaftesbury theatre in London and established itself as one of the favorite American works seen at the English metropolis. In fact, no other American musical comedy has ever enjoyed the uninterrupted vogue at any of the West End playhouses in the English metropolis, with the possible exception of "The Belle of New York." The company which Mr. Savage sends for this engagement is comprised of both chorus and principals, who have been selected after an experience of three seasons, during which time there were as many as three organizations presenting the musical play. From the various players and singers who have appeared, he has selected those which, in his opinion, are the best adapted to the demands of various roles, and as the present company is the only one in existence, theatre-goers will profit by seeing "The Prince of Pilsen" presented by an unusually adequate cast. At the Auditorium tomorrow night.

THE TWO ORPHANS.

Clara Morris, who is seen as Sister Genevieve in the all star cast of the "Two Orphans," began her stage career when a little over thirteen years of age, making her debut in John Ellsler's famous stock company in strictly a thinking part. Miss Morris is herself. In a recent interview, authority for the statement that it was an inordinate longing on her part for chewing gum which drove her to stageland. Her mother was housekeeper at a boarding house where most of the Ellsler stock company lived, and one of them, a young girl, held out the inducement to Miss Morris that if she would adopt the stage as a career and the Ellsler stock company as a medium, she could chew all the gum she wanted, despite maternal interference. Miss Morris' description of herself at the time is quite amusing:

"I was just a little thing, with aprons and pigtail," she said, "and when he saw me the manager laughed and said he had advertised for women not little girls. But the tears came into my eyes, and he said that I could come back the following day, and that if anyone turned up in the meantime who was small enough to walk with me I could stay. I went back in fear and trembling and someone had come."

Her remuneration for the first stage work she ever did was the large sum of 50 cents a night, which, considering the large amounts she afterwards received, was a very tiny salary. For years Clara Morris held a place in the affections of American theatre goers second to no one. She was generally regarded as the best emotional actress of native birth on the stage in this country. Her heroine in "Camilie" and her Cora in "Article 47" were truly remarkable delineations of complex emotional characters.

In the all star cast of "The Two Orphans" Miss Morris is cast for the part of Sister Genevieve. All told, she is on the stage not more than fifteen minutes, and her principal line seems to be "Courage, my child." Yet, tiny as is the part, Miss Morris makes it stand out clean cut and distinct. She finds her surroundings in the all-star company very congenial. Although she accepted the part at the time of the revival last spring with some misgivings, she is made so much of and is so petted by everybody in the company that she has had no cause to regret her

choice. Since her severe illness some time ago, Miss Morris has been in retirement, confining herself to literary work, and her articles have a ready market. Personally she is a most interesting woman to talk to, for while she is no longer young, she enjoys life, every bit of it, and is full of jokes, bright and pleasant, a woman it does one good to meet. One of the offerings at the Auditorium soon.

ISLE OF SPICE.

The "Isle of Spice" which comes to the Auditorium soon, is a brand new musical extravaganza described as "a piquant musical mixture." It is a production strictly belonging to Chicago. Chicago in its humor, Chicago in its style, and was presented for 150 nights at the La Salle theatre, Chicago. In this respect, however, one should not lose sight of the fact that all of the great musical successes of the past two seasons have come from Chicago. "King Dodoo," "The Burgomaster," "The Wizard of Oz," "The Prince of Pilson," "The Sultan of Sulu," and "The Sho-Gun" were all first produced in Chicago.

"ARIZONA" NEXT MONDAY.

The following pleasant episode happened during "Arizona's" run in London last season:

The King and Queen, Princess Victoria and the Prince and Princess Charles of Denmark attended the performance on the second Monday of its presentation. At the conclusion of the play there was a pleasant little ceremony; Bonita, the leading lady of the piece, was summoned to the royal box, where she presented to the Queen a beautiful bouquet composed of lilies of the valley, white orchids and white heather, bound with a ribbon in red, white and blue stripes, the American colors. The bouquet was presented on behalf of the American company playing in "Arizona," and Her Majesty expressed her pleasure in accepting it, and said the play was "charming." His Majesty said to Bonita, "It is a splendid play, well acted; I enjoyed it very much." Their Majesties shook hands with the young actress, who was overwhelmed at their graciousness. On the preceding evening the Prince and Princess of Wales witnessed "Arizona" at the Auditorium.

THE CONCERT.

Given by the Denison Mandolin and Glee Club in Zanesville a Great Success.

The second annual concert given by the Denison Mandolin and Glee club under the management of and for the benefit of the Baker club was given in the Market Street Baptist church Thursday evening. The concert was a decided success in every particular. This is the second time this college organization has been employed by the Bakers in their entertainments. This year the concert was even better than that delivered last season although that was considered excellent.

The Baker club is the nearest approach to a Y. M. C. A. that we have in this city. The club is kept up by membership fees but since these would be very large the club takes this method of partly defraying the expenses. Entertainments with this end in view are frequently given but it is the custom to have one special feature each year.—Zanesville Courier.

DR. REXFORD RIDICULOUS THEORIES OF DR. OSLER.

Dr. Osler and his theory of usefulness was ridiculed Sunday at the First Universalist church, Columbus, in a sermon by Dr. E. L. Rexford, whose subject was "Dr. Osler's Limitation of Use." The first part of the sermon was given to men whose best work was done after reaching the 40-year age limit fixed by Dr. Osler, among those mentioned being Gladstone, Martineau, Darwin, Spencer, George Eliot, Carlyle and Voltaire.

Dr. Rexford classed Dr. Osler as a physiologist, who has studied only the growth and development of the body. He doubted if Dr. Osler believed at all in spirit as separate from matter, thus accounting for the meaning he attached to the word "usefulness." Youth cannot exchange places with age nor age with growth. Both have their office and at every stage there is use in life from first to last.

GAVE SEVEN SONS TO THE UNION ARMY.

Mrs. Hannah Elizabeth Cockins died Saturday at the advanced age of 96 years from infirmities due to old age at New Concord. Mrs. Cockins was the mother of nine children, eight boys, seven of whom fought in the Union army during the civil war. The funeral services were held on Monday.

SHE SPAT.

On the Sidewalks and When Arrested the Richly Dressed Girl Spat Once More.

Chicago, March 7—A richly dressed girl fell a victim yesterday to the anti-splitting ordinance. She was captured by Detective Mulcahy at Wabash avenue and Harrison street.

"Mary Doe" was the name she gave at the Harrison street police station, but it was reported that she was a well known actress.

"When this young woman came along," said Mulcahy, "she looked at me and I looked at her, and then she spat on the sidewalk. I arrested her, but she refused to come to the station, and when I insisted she spat again and then talked all the way here."

"Why did you spit the second time?" asked the court.

"Because I was so disgusted at being arrested," replied the prisoner.

"Well, I'll have to fine you \$1 and costs," said Justice Caverly.

"\$1? I didn't know I had to pay that."

New Trimmings and Laces.

New Silks and Velvets and many other lines now on display.

You remember how late your last Easter frock was and how all the dressmakers were hurried then. Why not get a big start this year by buying the material now and having the frock made up while the sewers are not busy.

We are sure you will be ready to buy when you see the new Spring goods, but anyhow it won't do any harm to come in and see the new things. It will be the greatest treat in the world for a lover of pretty stuffs.

NEWARK CAMELS

MEET TONIGHT TO COMPLETE ARRANGEMENTS.

For Their Anniversary Celebration to be Held on March 14th—A Big Crowd Coming.

Monarch Lodge No. 66 is making extensive preparations for the big celebration to be held here on Tuesday March 14. This is the occasion of the first anniversary of the installation of Monarch Lodge and the Newark Camels are going to celebrate the event together with 200 Camels from Zanesville and big delegations from Coshocton, Mansfield, Byesville and other nearby towns. The features of the celebration will be a mammoth parade of the Camels in uniform, a brilliant display of fireworks along the line of march, the initiation of a class of candidates, a social session and entertainment tendered to the visiting Camels, a banquet served by Monarch Lodge.

This celebration will eclipse all former efforts, and every member of Monarch Lodge is urged to be present at the regular meeting tonight to complete the arrangements for this red hot time. Monarch Lodge now numbers nearly 200 members and is growing steadily, there being work in the different degrees at every meeting held this winter.

All applications for the anniversary class of candidates must reach the secretary not later than 7 p. m. tonight. Let every Camel be present at tonight's meeting.

Do You Need Dentistry

Do you want to know that it will be done in a careful, up-to-date manner.

Then the place to get it is from people who are permanently established and who have a reputation for skill and honesty. It doesn't pay to experiment where so much skill and delicacy are required.

THE ALBANY DENTISTS

have such a reputation and are proud of it, and anxious to mention it. Ask your neighbor about them.

MUNICIPAL LIGHT PLANT.

Board of Public Service Recommends to Council Issue of \$15,000 Bonds to Equip the System--Ordinance Passed to Open Three Avenues.

The council met in regular session Monday evening with President Rosel presiding, and the following members present, Messrs. Baker, Beadle, Carlile, Conrad, Jones, Miller and Moser.

The finance committee made its report in which it recommended that council receive proposals for a site for the proposed municipal hospital. The report was received and filed.

Mayor Crilly reported that he had collected for fines and licenses for the month of February the sum of \$215.50.

The Board of Public Service reported to council that before they made their report to the Mayor to be considered in the Mayor's annual budget for the year 1906 that they would like to submit the condition of the present municipal light plant. The report was referred to the committee on public service.

An ordinance to issue bonds in the sum of \$2,122.00 for the opening of Central avenue, Burt avenue, and Penney avenue was passed under suspension of the rules.

An ordinance providing for a clerk to the Sinking Fund trustees was read for the first time.

An ordinance by Jones, accepting the plat of Cassingham and Stump's first addition to the city of Newark was read for the first time and was referred to the Board of Public Service.

An ordinance by Mr. Jones, determining to proceed with the improvement of Locust street from Fifth to Twelfth street, was read for the first time.

A resolution was read for the second time to employ Edward Kibler and A. A. Staelig to assist City Solicitor Smythe in the case of Charles Vadakin against the city of Newark. Motion to suspend the rules and pass the ordinance was made but it was defeated by a vote of 5 to 2. Yeas, Mosier and Jones; nays, Baker, Carlile, Conrad and Miller.

Following is the report to the council of the Board of Public Service with reference to the city lighting plant:

We the Board of Public Service, submit the following report. The board is required by Section 37 of the Municipal Code to file with the Mayor on or before the last Monday in March a carefully prepared and itemized estimate of the amount of money needed in our department for all purposes for the year 1906 to enable the Mayor to make up his annual budget for the tax levy for the year 1906, therefore before we prepare said estimate, we desire to call your attention to the Municipal Electric Light Plant.

We have installed in said plant one 250 horse power engine in good repair, 3 boilers of 150 H. P. each, one of which is new and the other two in repair. Four 50 light J. H. and one 125' Light Western Electric dynamos. The 4 J. H. have been installed about 12 years and the Western Electric about 4 years. These dynamos are all of the open arc light pattern. We are furnishing 281 lights from this equipment.

From all the information we have obtained from both the previous superintendent, Mr. Brown, and the present superintendent, Mr. J. C. Stewart and other persons experienced in this line, they inform us that it will be unsafe to add any more lights on these dynamos, and as you know our city can not be classed as well lighted city, as there are whole streets and in fact whole additions without any lights, and the citizens are constantly applying to the board for more light in all parts of the city.

We therefore submit the following proposition for your consideration: For the year 1906 there was expended at the Municipal Electric Light Plant for operation, maintenance, equipment and repairs the sum of \$12,548.10. We have 251 open arc lights, making an average cost per light per year of \$44.65.

If your honorable body will pass an ordinance to issue bonds in a sum not exceeding \$15,000 to equip and repair the Municipal Electric Light Plant and lines, the Board agrees to produce the following results:

First. We can save at least \$1,600 in operating and repairing expenses over last year, which means to reduce the levy 1.2 mill in this one item for next year.

Second. We will have 250 lights against 251 now, and a reserve of 50 more. The cost per light per year will not exceed \$20, making a net saving for next year over last of \$4,000 and have 69 more lights than at present.

The equipments required are as follows:

One 250 K. Watt alternating generator, belt, etc.

Three hundred and fifty enclosed arc lamps and equipments to burn at least 150 hours without trimming. Poles, wire cross arms, insulators, and other supplies and labor for installing the machinery and extending the lines for the 69 additional lights and for poles and labor to put the old lines in repair. There are a great many of the old poles which must be

replaced with new ones to put lines in good condition.

We think this amount will be sufficient with what we can get for the old dynamos, shafting and old lamps.

Gentlemen, this is a business proposition, the Board can run the plant as it has been running, but cannot give the citizens any more light with the present equipment, or reduce the operating and maintaining expenses in its present condition. The citizens should have more light and the Board is willing to get it for them.

If your honorable body will assist us at the same time we will cut down the operating expenses and reduce the tax levy 1.2 mill, which will pay the bonds off in a short time and give the citizens what they want—more light at less cost. We hope we may have your consent and support on this proposition and you will take action on same before the last Monday in this month so we can prepare our estimate for the tax levy and deliver it to the Mayor in time.

Respectfully submitted,

J. P. LAMB,
Pres. Board of Public Service.

STRONG EFFORT

TO CANCEL THE Y. M. C. A. DEBT BY FRIDAY NIGHT.

Two Meetings Held at Association Building Last Night—Sum Yet Needed is \$1350.

Last evening was quite a night at the Y. M. C. A. There were two interesting gatherings. Upstairs the trustees of the association held a conference on the building debt canvass. It was reported that there was still needed \$1350 to complete the fund. Plans were made to keep everybody working from now till Friday night, when it is hoped that the amount will have been secured. It is going to mean a lot of hard work and everybody giving liberally.

In the gymnasium the general membership of the association was gathered. The Denison Glee and Mandolin club was present and furnished delightful musical numbers. The members of the association have undertaken to raise \$1500 toward the debt fund. They have secured half of it and quite a little was added to this last night.

Plans were made and every member will be hustling for the next few days to help make the effort a success. Newark citizens should be much interested in this movement. Let everyone help promptly.

Are You Engaged?

Engaged people should remember that after marriage many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Hall's drug store, sells and guarantees them, at 50c bottle.

Cold Comfort.

"Yes, he's pretty poor now; can't make his business a success. He did not have much to start with."

"Well, there's some comfort in that."

"Comfort?"

"Yes; he'd been still poorer if he'd had more to start with."—Philadelphia Public Ledger.

CALF ROAST.

Messrs. Holler & Starr, proprietors of the new sample room, 116 Union street, will have a big calf roast at their place of business tomorrow night, March 7, and extend an invitation to all their friends to help dispose of the same.

The Best Lot Proposition Ever Offered to The Citizens of Newark

Owing to the fact that a number of citizens of Newark have expressed a desire to buy lots adjoining the new United States Navy Yard, about five miles from Charleston, South Carolina, from Messrs. Bolton and Wilcox, a number of them will be placed on sale. Those who take the trouble to investigate will find it the best lot proposition ever offered in the City of Newark. There will be twenty millions spent to complete this Yard, and about four thousand men employed or as many men as are employed in all the shops in Newark combined. The first mechanics, to the number of five hundred will be sent there this fall upon the completion of the dry dock. Sewer, water and granite sidewalks are guaranteed on each street. The gate of the Navy Yard opens into this property and the electric car line runs through the entire length of the property to the Navy Yard gate. These lots will be sold on payment of ten dollars a month without interest or taxes until paid for. Your money cannot help doubling itself in short time, as the history of all Navy Yards has been that they have made large cities in a few years. We have made contracts with a number of Newark people to go there to work on this property. Those desiring to buy lots may call on us at 14-12 North Second street or buy them from the agents we have appointed. Office open evenings. Pictures and plan of property may be seen in the window of the room formerly occupied by Sachs Bros. on the east side of the square.

BASKET BALL AND BOWLING BASE BALL AND WRESTLING

BASKET BALL

Newark and Zanesville Boys and Girls to Have a Contest in Clay City March 31.

Zanesville, O., March 7.—The biggest event in local basket ball circles will be the double-header between the boys of Newark and Zanesville high schools and the girls of the two institutions. These will be played at the armory on the evening of March 31, which by the way, will mark the close of the basketball season. On next Thursday night the teams of the ambulance company and Co. A will meet at the armory.

NEWARK HIGH

Wants to Play Columbus East High on Floor of the Denison Gymnasium at Granville.

General Manager Magley, Student Manager Lawrence, Captain Barrington and the Columbus East High school basket ball players are lined up for the proposition to place Newark's High team on the neutral Marysville floor.

The Newark people are arrayed against the proposition. They object to the Marysville floor which is rather narrow.

Manager Speer of Newark's team last night said: "We will not agree to play East at Marysville on account of the condition of the floor."

"But we are willing to meet the Columbus boys on the floor of the Denison gymnasium at Granville."

"It is thought that Speer will stick by this decision and it is quite likely that East will be willing to go to the Granville floor as a last resort."

The Columbus boys do not feel that they had a chance to do themselves justice in the recent losing game at Newark and they are out for revenge.

If the game is played in Granville a fair crowd could be secured, as it would be easy for all Newark rooters to attend.

Baseball Notes.

"Jack" Haskell has accepted terms, and will be on the staff of umpires for the American Association this season. President Powers of the Eastern League, waived claim to Haskell's services.

John Ganzell has succeeded in getting hold of the Grand Rapids franchise in the Central league. His business associate is Paul Arnold of Louisville.

Manager McGraw declares that New Yorkers will see some of the world's championship games next fall, and that the Giants will be in them.

The Chicago grandstand will be converted into a two-story affair to accommodate the big Sunday crowds.

American Runner Won.
Oxford, Eng., March 7.—At the university field sports yesterday Warren Ellis Schutt the Rhodes scholar from Cornell university, won the three mile run in 15 minutes 4 1/2 seconds. Schutt won by five yards from M. H. Godby, the winner of the two mile event at the Oxford-Cambridge-Harvard-Yale games of 1904.

BOWLING

Tournament Takes Place at Mt. Vernon March 22—Prizes For Each Event Announced.

Below will be found the rules and prizes covering the first annual bowling tournament, to be held in Mt. Vernon, O., on the Hayes alleys on Wednesday, March 22. The tournament will commence at 1 o'clock and continue until all five men teams entered have rolled three games each, than continuing the same with two men teams and individual man.

LIST OF PRIZES FOR EACH EVENT

Five Men Teams: 1st, \$70; 2d, \$10; 3rd, \$15; 4th, \$5.

Two Men Teams: 1st, \$20; 2d, \$12; 3rd, \$10; 4th, \$5.

Individual: 1st, \$20; 2d, \$12; 3rd, \$10; 4th, \$5.

Each team entering shall have their money posted at Mt. Vernon on or before March 18, 1905; entrance fee will be \$2 per man.

Each five men team will have the privilege of selecting two men from their team to enter in the second event, and one man from their team to enter in the third event.

A. B. C. rules and regulations to govern this tournament. In case of two or more teams, or individuals, tie for one prize, the same shall be equally divided, or as agreed upon by the teams, or individuals, that tie. Each team or individual, shall bowl three games, and the team, or individual, having the highest total in the three games shall take the first prize and so on down. Address Flanner & Russell, Mt. Vernon, O.

AT HAYES ALLEYS

Bowling Tournament Takes Place Tomorrow Afternoon—Out of Town Bowlers to Come.

One of the biggest and most interesting bowling tournaments ever held in Newark, will be pulled off at the Hayes bowling alleys on the north side of the public square, Wednesday afternoon.

The contest will be between two men teams from Columbus, Zanesville, Mt. Vernon, Eyesville, Coshocton and Newark, and several teams from each of the above named places will take part in the tournament. Fifty per cent of the entrance fee will be awarded to the team making the greatest number of pins in three consecutive games; 30 per cent to the second best and 10 per cent to the third. Five per cent of the gross receipts will be given to individual making the highest score in any of these games, and five per cent of the gross receipts will be given to the individual bowler making the greatest number of splits during the game. The tournament will begin at 1 o'clock and will continue until all the teams have bowled three games.

The tournament will begin at 1 o'clock and will continue until all the teams have bowled three games. In case of any team or individual tieing, the prizes will be divided.

GUN CLUB SHOOT

The Newark Gun club will shoot Thursday afternoon.

NEWARK WRESTLERS

Will Take Part in the Athletic Club's Program at the Southern Next Monday Evening.

Monday night March 13, at the Great Southern theatre, Columbus, is the Southern athletic club, composed of the city's best men will make its initial appearance to the Columbus public when they present their first athletic show. The club expects to go on record as the "real thing" by this first offering, the proceeds of which are to be used in furnishing the new club rooms. Considerable time and great expense has been necessary to get up the program offered which includes the pick of the best light weights and feather weights in Ohio. The wrestling feature including Ackerman, Newhart and Schultz speaks for itself for they are the cream of the winter weight mat artists of the middle west.

The program is arranged to give a fast, clean and scientific exhibition, all to a decision. It is as follows:

Kid Wilson of Cincinnati vs. Walter Potter of Columbus, bantam weights, six rounds.

Al Whitaker of Akron vs. Eddie Powers of Columbus, six rounds at 121 pounds.

Herbert Lape vs. Andrew Malone, both of Columbus, four rounds for the feather weight championship of Ohio.

Kid Thompson vs. Jim Malone, light weights, five rounds.

Geo. Peacock of Cincinnati and Bill Mackay of Findlay, feather weights, six rounds.

Newhardt of Newark vs. Cann of Columbus, middle weight wrestlers, 25 minute limit to a decision.

Schmitz of Newark vs. Ackerman of Columbus, welter weight wrestlers, 25 minute limit to a decision.

Pat Thompson, 15 minutes, 60 lbs. Greaser of Columbus.

Tickets are in great demand and

over half the house has already been spoken for. Reserved seats can be had at the box office of the Great Southern on and after Thursday morning at prices ranging from 75 cents to \$2.00.

Attacked by a Mob and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Buckle's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25¢ at Hall's drug store.

Keeps Process a Secret.

Marion, O., March 7.—Dr. E. O. Richardson claims to have made a startling discovery. He is a great poultry fancier and has been experimenting for some time in hatching chickens with incubators. Ordinarily it takes 21 days to hatch eggs in an incubator, but Dr. Richardson claims to have found a process whereby eggs are hatched in just one-half that time. He does not reveal this process.

HOW DRUNKENNESS CAN BE CURED

If you are a slave to drink, what would you give to overcome the habit? What would you give to have a clear brain, strong nerves and perfect manhood? What would you give to save the money that you squander over the bar?

The "Temple Appeal," the official organ of the temple trustees of the W. C. T. U., tells how this terrible habit, or disease, as it truly is, can be cured at little cost and with no publicity or loss of time. In a recent issue it says: "Orrine is a new cure for drunkenness. A Washington chemist is the discoverer. Remarkable changes have been wrought for suffering drinking men by its use."

Orrine! No! It can be given secretly, without the patient's knowledge. No! It is in will form; for voluntary treatment. Conquer the drink habit by this simple and scientific remedy, price \$1 per box. It is absolutely harmless.

Orrine is sold and recommended in this city by F. D. Hall, 10 North Side Square, Newark, O.

MERCHANTS

PROPOSE MAKING FRIDAY, MAR. 10TH, Y. M. C. A. DAY

And Will Give Portion of Their Profits to Help Pay Debt of Newark Association.

A number of the merchants of the city have gotten together and propose to make next Friday, March 10, Y. M. C. A. Day at their stores, and agree to contribute a per cent of the profit of the day's business to the Y. M. C. A. Building Debt Fund. As Friday must see this fund completed this move on the part of the merchants is most opportune and to be greatly commended. Friends of the association should cooperate and do their buying on that day. Complete announcement will be made in tomorrow's paper. Any merchant who has not yet been seen and who would care to join in this movement, should notify the office of the treasury, succeeding Robert B. Armstrong, resigned. Mr. Reynolds will have charge of the customs business in the treasury department.

Reynolds Takes the Oath.

Washington, March 7.—James B. Reynolds of Boston, formerly secretary of the Massachusetts Republican state committee, took the oath of office and entered on his duties as assistant secretary of the treasury, succeeding Robert B. Armstrong, resigned. Mr. Reynolds will have charge of the customs business in the treasury department.

Carnegie to Accompany Taft.

Washington, March 7.—Speaker Cannon has accepted the invitation of Secretary Taft to accompany him on his trip to the Philippines to begin the first of July, with the proviso that he may withdraw the acceptance in the event of unforeseen business or legislative duties which may become imperative.

Dayton Appointed.

Washington, March 7.—It was announced at the White House that John J. Jackson, United States Judge for the northern district of West Virginia, had tendered his resignation and that it had been accepted. To succeed him President Roosevelt will nominate Representative Alston G. Dayton of West Virginia. Mr. Dayton has served in the Fifty-fourth, Fifty-fifth, Fifty-sixth and Fifty-seventh congresses and was re-elected to the Fifty-eighth congress. Mr. Dayton's nomination will probably go to the senate.

Sigsbee to Sail Away.

Washington, March 7.—Rear Admiral Sigsbee, commanding the Caribbean squadron, has informed the navy department that he will sail from San Domingo city in the flagship Newark in a few days to join Admiral Parker's fleet at Guantanamo. There are several other warships in Dominican waters, and the number will be increased in case of the ratification of the treaty proposed to the senate which provides for the administration of the fiscal affairs of the republic by the United States government.

Retires as National Chairman.

Washington, March 7.—On assuming the duties of Postmaster General today G. O. R. Cutts announced that he would resign from the chairman of the National Republican Committee in a few days. He will probably

WASHINGTON.

Mr. Treat Today Appointed U. S. Treasurer.

CANNON TO ACCOMPANY TAFT

Dominican Treaty in Senate—Boundary Line Adjusted—Reynolds Takes the Oath.

Washington, March 7.—The President today nominated Chas. H. Treat of New York to be treasurer of the United States succeeding Ellis H. Roberts.

Mothers' Congress.

Washington, March 7.—Delegates from mothers' congresses in 20 states of the Union are present to attend the triennial congress of mothers which opens in Washington March 10. The board of managers, composed of the general officers, the presidents of each state organization and the chairmen of the standing committees, will hold executive meetings here March 10 and 11. The congress will devote Thursday to the subject of education. The religious training of the child in the home will be the subject of the Sunday services March 12, when Dr. Joseph Krauskopf of Philadelphia, Miss Mary E. Hutchinson, vice president of the Ohio Mothers' Congress, Columbus, and others will deliver addresses.

Religious Services in Several Churches Here Much the Same This Year as in Other Seasons.

Lent Begins

PRAYER, PENANCE, FASTING, ARE ADVISED.

Religious Services in Several Churches Here Much the Same This Year as in Other Seasons.

Ash Wednesday, March 8, is the day marked in the church calendar to begin the season of Lent for 1905. The religious services in several of the Newark churches are to be much the same this year as for other Lenten seasons. The forty days which precede Easter are kept in memory of the forty days' fast.

While the fasting and penances are much less severe than those which our ancestors underwent, the people are requested to deprive themselves of pleasures and prepare themselves by penance and various sacrifices to enjoy more fully the Easter time which follows.

The Lenten regulations for 1905 were recently published in the Advocate.

Market Report

Below are today's market prices as shown by the wire report in the office of P. G. Miller, broker:

SENATOR**Alleges Attempt Was Made to Bribe Him.****ACCUSED MEN STRIKE BACK****Alleged the Complainant Solicited a Bribe and Was Refused... Parties Prominent.**

Denver, Colo., March 7.—The charges of bribery in the contest for the governorship will be investigated by a committee that has been appointed by the Colorado legislature. Senator P. W. Morgan (Rep.) of Boulder county announced at the opening of the joint convention of the general assembly that \$1,500 was offered him and \$750 also given him for his vote for Governor Adams in the contest for the office of governor. Senator Morgan named James Herbert, vice-president and general manager of the Colorado Southern road, and Daniel Sullivan, postmaster of Cripple Creek, as the men. The latter is a prominent Republican. Information charging bribery and conspiracy were filed against Herbert and Sullivan in the criminal court by District Attorney George M. Stidger almost simultaneously with the springing of the sensation in the joint convention by Senator Morgan. Bonds for \$5,000 each were furnished by the accused men.

Mr. Herbert issued the following statement: "Mr. Morgan came to my room in the Brown Palace hotel with Daniel Sullivan. Mr. Morgan stated that he and his people were for the seating of Mr. Adams; that the laboring people in his section of the state were for Mr. Adams, and he told Governor Adams the same thing; that the pressure was so great from the Peabody people that they might drive him out of the state if he did not vote with them, as they were browbeating and bulldozing many Republican members of the legislature. Mr. Morgan stated that he had been offered \$3,000 by Peabody people, and he ought to have \$3,000 if he stood by Adams and incurred the enmity of the Peabody people. Mr. Morgan was very insistent, and finally said he would take \$1,500. I absolutely refused to have anything to do with him, and he went away. Mr. Sullivan was present during the entire conversation."

EVERETT FIRE**DAMAGE DONE SUNDAY NIGHT IS NOW BEING REPAIRED.**

Mr. Everett Lost no Time in Placing Orders for New Material and for Workmen.

The origin of the Sunday night fire at the Everett factory is still unknown, but the blaze was first seen near the roof of the engine room.

Mr. C. W. Allen, one of the engineers at the factory, said Tuesday morning that the rumor that the blaze might have started from a bundle of waste in the engine room is unfounded. Mr. Allen says that waste is never allowed to accumulate but is daily burned in boiler No. 4. Mr. Allen says that he stepped out of the room just at ten o'clock to set his watch by the town clock as it struck and when he entered the room immediately afterwards he went over the machinery and made a thorough inspection of the boilers and furnaces. While he was making his round of the plant a man came in and announced the building was on fire near the roof. Mr. Allen says he grabbed a hose and threw water on the fire till the smoke drove him away. Henry Dase blew the whistle, sounding the alarm.

A man who went to the factory towards midnight to watch the fire fighting, remarked that Mr. E. H. Everett was the coolest man in the crowd. He sized the situation and gave orders like a general commanding an army. As soon as he saw to what extent the flames would eat into the plant Mr. Everett, while the fire was still raging, went to the telephone and gave orders to dealers in Newark and elsewhere for material with which to repair the damage and by seven o'clock Monday morning, two hours after the out-tap was sounded Newark lumber dealers were hauling material to the factory and a gang of men was busy clearing the debris. Mr. Everett ordered a system of electric lights installed so that work could be carried on at night, and now he is advertising for more carpenters to report at once so as to hurry the work of repairs. Every possible minute is being saved and the force of men thrown out of work by the blaze will be put back to work within a few days.

Will Keep the Men Busy.

Bellefontaine, O., March 7.—J. E. McQuown of Forest has taken the contract to furnish a Chicago firm with 8,40,000 eggs within 60 days.

ABANDONING MUKDEN.

(Continued from Page 1.)

5:30 o'clock Sunday evening, but were repulsed. Along the whole front there has been a scattering rifle fire, but at this moment it appears to be slackening.

Corpses Everywhere.

General Rennenkampff's Headquarters, March 5, via Mukden, March 7.—Everywhere corpses, corpses, corpses. For two days the Russians had been concentrating a heavy artillery fire on "the hill with the tower" sloping the sapper works. At 2 o'clock in the morning Saturday the Russian skirmishers heard a noise at "the hill with the tower." Creeping forward they discovered that the Japanese were heaping up corpses as defenses. The Russian field batteries immediately opened fire and forced a cessation of the work. At dawn the Japanese attacked the Russian positions near Oubenepusa. The attackers were scarcely recognizable as valiant Japanese, so mechanically did they move forward, and, with undying persistence, attack, only to be thrown back. They repeated this at 10 in the morning after a preparatory artillery bombardment, and reached the Russian trenches, where a bayonet fight ensued. At the critical moment General Alieff, commanding the vanguard, arrived on the scene with two companies and turned the scale against the Japanese.

Captured Jap Trenches.

Sakhetun, March 7.—According to reports just received the Japanese have advanced to attack along the whole line. Fighting has been in progress on the right flank of the Russian army near the imperial tombs, but at this hour it appears to be lessening, and the roar of artillery indicates that the fighting is gradually sweeping farther and farther from Mukden. Several regiments stationed near Pouttlof and Novgorod hills Sunday night attacked and captured the Japanese trenches, approaching under cover of darkness. The fighting was sharp and the Japanese used hand grenades, but finally were expelled at dawn. The weather is superb.

Hammering Rennenkampff.

General Rennenkampff's Headquarters, March 5, via Mukden, March 7.—Saturday afternoon and night were comparatively quiet, there being only an occasional scattering artillery fire in progress. The rest is very welcome to the soldiers of this division, who have repulsed 120 attacks within the fortnight, and who have been engaged in continual fighting during that length of time. The Russian artillery forces and the Japanese guns have been changing ground continuously.

Heavy Roar of Cannon.

Mukden, March 7—Daylight was saluted this morning with the heavy roar of artillery from all sides of Mukden. The fighting is of the most desperate character and it is reported at headquarters that the Russian lines gradually are forcing the Japs north and west, taking several villages. The eight inch guns of the Russians are making telling resistance.

Little Advantage Gained.

New Chwang, March 6—(Delayed)—It is reported here that 30,000 Japanese yesterday gained an entrenched position five miles west of the gates of Mukden after a desperate hand to hand fight which lasted all night and until day break. Little advantage was gained by either side.

HOARDED MONEY

If a person hides away a few dollars in a secret drawer or puts them in a small iron safe, does he consider it an expense? If he deposits them and receives credit in his savings bank book, does he class it as an expense? Why is it that so many men look upon a life insurance premium as an expense, and can not be induced to believe that it is not? When a person spends money for anything, it passes out of his possession. This is not the case with a life insurance premium. One deposits the money and it is kept for him awhile, and later it is given back again, with more added to it. It never passes out of his possession. It is his money just as much as if it were in a bank, and it is a great deal safer than if deposited in some banks.

Give up the idea that insurance is an expense and see it in its true light. There is only one best company. The Equitable Life of New York, and it is the strongest in the world. O. M. and J. R. Tucker, agents.

Consumers is the beer for Newark people. It is always pure and in quality is better than any foreign beer. Our bottled beer is best for family use. This is the season to order a case for your home.

Fees of Ohio Mayors.

Bellefontaine, O., March 7.—In a case to settle a point regarding court fees raised by Attorney General Ellis, the city of Bellefontaine lost. It was sought to recover fees collected by Mayor Haviland in police court cases, but the case was decided against the city because the council never passed a fee ordinance. This was a test case in which the Ohio Mayors' Association was interested.

Plot to Wreck School.

Belmont, O., March 7.—The teacher in the school of a little town near here, discovered a plot to wreck the school building and probably murder the scholars. A stick of dynamite had been placed in the ash pan of the stove, and it was discovered by her awake, producing as evidence a dressmaker's certificate showing that, the work of temps who were barred owing to want of rest, her waist had become two inches smaller.

A Parisian lady, claiming \$10,000 damages from her landlord because the noise of the horses next door kept her awake, producing as evidence a dressmaker's certificate showing that, the work of temps who were barred owing to want of rest, her waist had become two inches smaller.

NEWS OF OHIO**A Mysterious Shortage in a Cincinnati Bank****AN ENGINE EXPLODED TODAY****At Mann Seriously Injuring Three—Central Ohio and General State Affairs.**

Cincinnati, O., March 7—A mysterious shortage in the government reserve fund of the German National bank, is today puzzling the officials. A Pinkerton detective has been called to investigate. The amount missing is \$55,000. Despite the disappearance, the government reserve is still above the amount required. The missing sum is supposed to have been taken from two fire-proof combination chests on the top of the bank's strong box. The bank is solid as a rock and the shortage will have no effect.

An Engine Exploded Today.
Ashtabula, O., March 7—A Pennsylvania railway engine that had been loaned to the Lake Shore and Michigan Southern road exploded at Mann, Ohio, this morning. Engineer Wm. Reeder, Fireman Clyde Davis and Brakeman Moreland, all of this city, were seriously injured. Davis' condition is critical.

A. R. Adams Killed.
Zanesville, March 7—Late last night a telephone message was received stating that A. R. Abbott, of this city, had been hit and killed on the Pennsylvania railroad near Uhrichsville.

To Investigate Fire.

East Liverpool, O., March 7—An investigation will be commenced today into the conduct of Chief C. H. Morley and his firemen on the night of the disastrous conflagration here. Many people say that by properly directed efforts the fire would not have spread to neighboring buildings. The investigation will be public, being held in the city hall.

Fatal Wreck.

Canton, O., March 7—An empty passenger train on the Wheeling and Lake Erie railroad, bound for Massillon, collided with a double-header freight. Engineer Tschantz of Massillon was caught under the wreck and killed. Engineer George Wise of Canton was pinned beneath the first freight engine, which was overturned. Both his legs were crushed and he may die. The firemen of the freight engines escaped by jumping. The engineer, conductor and fireman of the passenger escaped with minor bruises.

Italians in a Row.

Akron, O., March 7—In a fight in an Italian settlement at Mogadore, near here, Andy Vetus was probably fatally shot through the body. Louis Stauderis' chest was caved in by another man jumping on it and he may die, and John Blazeous and Frank Zarmani were seriously beaten with sewer pipe. The fight started over a game of cards and about 75 Italians were engaged in it. Sheriff Barker has 22 locked up in the county jail, all being charged with assault with intent to kill.

Carnegie Tendered Reception.

Cleveland, O., March 7—Andrew Carnegie was given a reception at Adelbert college by President Thwing of Western Reserve University. Mr. Carnegie founded the library school of the university two years ago with an endowment of \$100,000, and this was his first visit to the institution. Mr. Carnegie met many citizens of Cleveland at the reception, and afterwards inspected the rooms of the library school and also addressed the students and faculty.

Grillo Purchases Club.

Toledo, O., March 7—George E. Lennon of St. Paul sold his half-interest in the Toledo ball club of the American association to J. Ed Grillo of Cincinnati for \$12,500. As a part of the consideration Pitcher Cristall and Catcher Zancky of the Toledo club were given to St. Paul. Toledo also gets a five-year franchise extension in the association which was given Lennon at Chicago last week. The present franchise has two years yet to run.

Fees of Ohio Mayors.

Bellefontaine, O., March 7.—In a case to settle a point regarding court fees raised by Attorney General Ellis, the city of Bellefontaine lost. It was sought to recover fees collected by Mayor Haviland in police court cases, but the case was decided against the city because the council never passed a fee ordinance. This was a test case in which the Ohio Mayors' Association was interested.

Elusive.

A keyhole has a funny way. And for the muddled lodger. Who comes home in the morning gray. It proves an artful dodger.

What a Shame!

"He made his money on popular songs."

"Yes, and the law can't touch him either."

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

If a man does not look out for No. 1 no one else will injure his eyesight in doing so.

Often it requires a spyglass and a search warrant to find a precious boy in after years.

No odds how violently a man falls in love, no bones are broken.

It would be an ideal land where a man could cash his good intentions.

The people who have good intentions are rarely found with anything else up their sleeves.

It is a man with a poor imagination who has everything he wants.

If society knows a man's banker it seldom questions as to his father.

Do not be surprised when you see a man with a silk hat in a cheap restaurant. He cannot eat the hat.

People who are fired with ambition often get roasted.

A girl's idea of a good husband is one who sends flowers every morning and brings theater tickets every night.

A hero who can stand close inspection is a hero indeed.

Work Both Ends.

Be good and let who will be clever. So runs the ancient song. This very charming rule, however, At times may work out wrong. Two could pan out if a fellow could draw dividends for being good.

The clever get much more attention than those who only are obtuse. The good can't even draw a pension for being good, so what's the use? Of course it's nice to talk about. But will it put hard times to rout?

This tale is hardly orthodox. I know, but isn't it the stuff? You need to have a box of rocks. Or else the sledging will be rough. And wealth rewards your slight endeavor.

If you are very, very clever.

Perhaps there is a middle state. A medium between the two. To earn living and keep straight. And get what seems to be your due. Perhaps that happy medium would be clever and be good.

Served 35 years.

Patrick Foran, storekeeper in the B. & O. railway shops at Zanesville for the past 35 years, has resigned his position. He will remain at the shops but be relieved of the heaviest part of his work in the future. W. C. Ware, a clerk in the storeroom, has been appointed successor, the change becoming effective at once.

Railroad Paragraphs.

C. J. Jewell formerly division freight agent for the B. & O., now assistant to the general manager of the Missouri Pacific, spent Sunday with friends in the city.

V. L. Maroney, a shop employee, is unable to work on account of an injured eye, caused by a small piece of steel finding lodgment therein.

P. D. Cain, a shop employee who has been off duty for some days on account of sickness, is still unable to work.

Brakeman B. Kessel, who has been off for some days on account of sickness, has recovered and has been marked up for service.

Brakeman J. W. Gates who has been confined to his home, 195 Monroe street for the past three or four weeks with a severe attack of typhoid fever, is able to sit up.

James Clark, who has been off for some days on account of an injury, has recovered and returned to work.

William Edwards a helper in the B. & O. yard, who had one of his feet badly injured a few days ago, is reported as slowly improving.

Fireman A. B. Wilson is suffering with a lame wrist.

Fireman C. A. Lewis is reported on the sick list.

Fireman G. O. Gore, who has been confined to his home for some days with sickness, is still unable to work.

Pat Kennedy, a B. & O. employee, who has been sick for the past two months, is reported as slowly improving.

Conductor Edward Holland, who has been quite sick for the past three or four months, is now slowly recovering.

Homer Allen, the popular clerk in the B. & O. yard office, who has been off for some time on account of sickness, has recovered and returned to work. He received a hearty welcome from his brother employees.

Got Off Cheap.

He may well think he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills.

A quick, pleasant and certain cure for headache, constipation, etc., 25¢ at Hall's drug store; guaranteed.

HURBAUGH TRANSFER AND STORAGE COMPANY.

Why store your household and other goods in an old frame building liable to fire and the rain, stones and other debris when you can store them in our new clean brick storage room, near the canal on west side of Fourth street, fitted up specially with a view of being free from vermin or all kinds of insects, with elevators for loaded trucks, and a large space for loading and unloading. We have a large competent and

GRANVILLE NEWS

DR. COLWELL GIVES LECTURE ON
GREEK DRAMA.

New Series of Recitals—Y. M. C. A.
Meeting—Club Entertained—Per-
sonal Paragraphs.

Granville, O., March 7.—On Monday afternoon Prof. R. S. Colwell delivered a most interesting and instructive lecture on "The Greek Drama" before the members of the Travelers' Club, in the parlors of the Baptist church at 2:30 o'clock. Prof. Colwell is thoroughly acquainted with Greece, ancient and modern, with its language, customs, and especially with its history and the great influence of its drama. Prof. Colwell dealt only with the tragedy, giving no consideration to comedy, and he traced the tragedy and its chief authors from the time of its earliest and crudest production down to the time when it became most powerful and exerted the most influence upon the English drama and dramatists, and upon the drama of today. Besides the members of the Travelers' club a number of guests interested in the subject were present, and felt at the end of Dr. Colwell's lecture that they had truly gained a more definite knowledge of the Greek drama. At the conclusion of the lecture a social was held, during which appetizing and daintily prepared refreshments were served.

At the regular meeting of the Y. W. C. A. of Shepardson College on Monday evening Miss Clarice Carroll, former president of the organization, resigned her duties, which have been so satisfactorily and faithfully performed by her during her term of office, to Miss Donna Russell, who has been elected president for the ensuing year.

Another of the series of recitals given by Prof. Arthur Judson and Mrs. Charles Browne White will be held in Recital Hall on Wednesday afternoon at 4 o'clock, and a repetition of the same will be held in Thursday evening at 8.

On Friday evening Mrs. Minnie Kerr and Miss Flora Hoover very delightfully entertained the Fortnightly club and a few other guests at the Buxton. The chief feature of the evening was an old fashioned spelling "bee," over which Mrs. Pond presided. An old fashioned lunch, composed of popcorn, doughnuts, gingerbread and coffee was served, and was much enjoyed. The remainder of the evening was spent in charades and in having a good time generally.

On Saturday evening Prof. and Mrs. C. L. Williams entertained a few friends at dinner most charmingly at their home on Elm street. The table decorations were beautiful and artistic and bountiful and enjoyable menu was served.

L. W. Perry, the grocer, was in Newark, Tuesday on business.

"Squire" Knowlton was in Newark Tuesday.

Mr. and Mrs. Harry Amos and son, Henry of Cambridge, were in Granville, Tuesday.

EVERETT PLANT

Will Soon be Repaired—Company
Wants Carpenters to Go to Work
Tomorrow Morning.

The Everett company is hurrying the work of repairing the damage done by Sunday night's fire and it will be but a short time before the big plant is running as usual. The company is now seeking carpenters to go to work tomorrow morning.

FIRST RECEPTION

TENDERED NEW RCTOR AND HIS
WIFE MONDAY NIGHT.

Many Trinity Church Members Had
Pleasure of Meeting the Rev. Mr.
and Mrs. Franklin.

A very pleasant reception was held Monday evening at the Parish House of Trinity Episcopal church to introduce the Rev. and Mrs. Lewis P. Franklin to the parishioners of the church and other friends. Mrs. A. T. Speer and Mrs. C. C. Metz received the guests with Rev. Mr. and Mrs. Franklin and Mrs. Kennedy, president of the Woman's Guild, and Mrs. Edward Thomas poured coffee at a prettily appointed table. The Parish House was made bright with many lights and screens, diapers and rugs enlivened the effect. Palms, ferns and red flowers formed the decorations. The young ladies of the Altar Guild assisted and served coffee, cake and ice cream to the guests.

REV. J. H. ROGERS

Former Hebron Pastor Tells of the
Glory of the California Climate.

Greeting to Friends.

The following letter was received by the Advocate from Rev. James H. Rogers, now of Stockton, Calif., formerly pastor of the M. E. church at Hebron, Ohio.

He is in the sunny San Joaquin

we have had over two weeks of ab-

Rheumatism Cured.

Hornberger's Electric Blood Purifier.

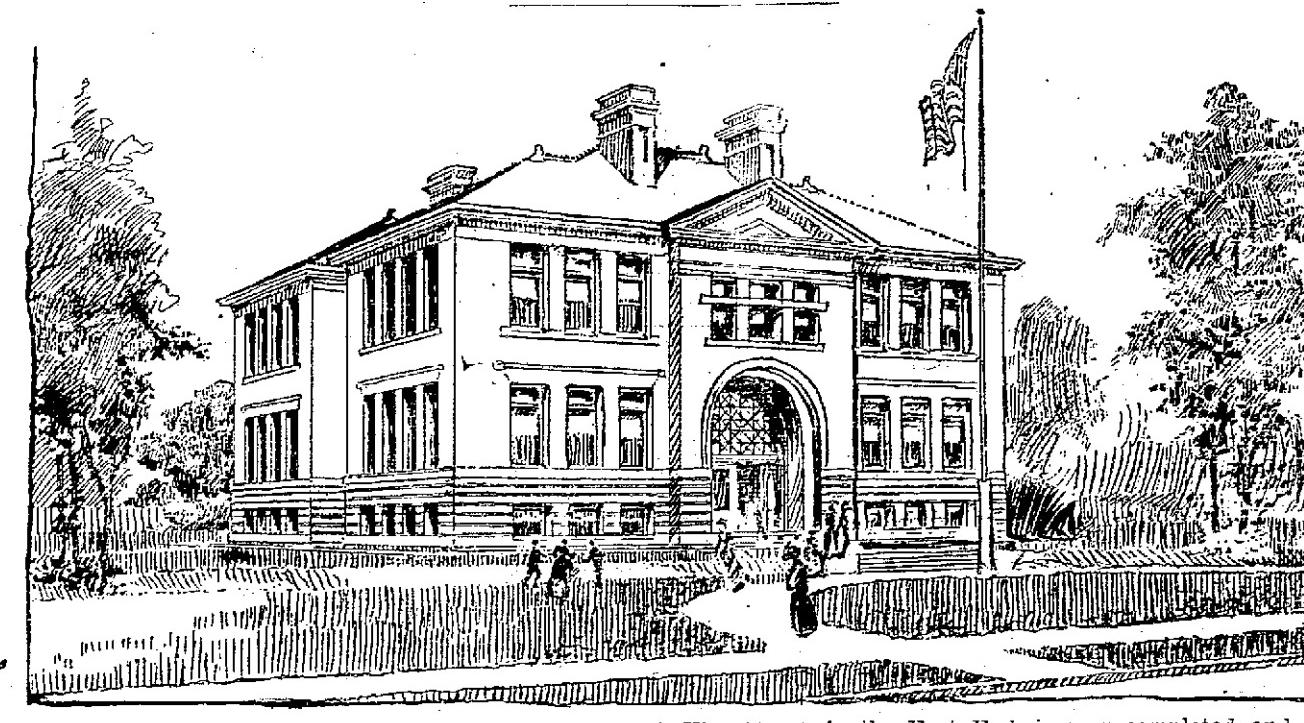

A new and wonderful remedy, that has cured hundreds of cases of 30 and 40 years standing upwards of 80 years of age. Do not mind if doctors say you are incurable. Mind no one. It costs nothing if we fail.

A Remarkable Cure! Of an old and painful case of rheumatism. Read what one of Zanesville's best known citizens has to say, after suffering untold agony for about five years: I was induced to try Hornberger's Electric Blood Purifier and after taking six bottles I am only too glad to say that I am entirely free from rheumatism.

W. S. HANES.

HORNBERGER REMEDY CO., Massillon, O.

Sold and recommended by City Drug Store and East Side Pharmacy.

NEW VINE STREET SCHOOL HOUSE
TO BE OCCUPIED IN A FEW DAYS

The handsome new four-room school house on North Vine street, in the East End, is now completed and all the rooms will be occupied this week. This building, which was constructed at a cost of about \$14,000, is one of the handsomest buildings in the city, and is an ornament to that part of the city in which it is located. Wilbur T. Mills of Columbus, was the architect, and the West Virginia Architect and Builders company of Huntington, W. Va., were the contractors. Work on the building was commenced the latter part of April, 1904, and has practically been completed for some time, and would have been in use before this time had the heating system been satisfactory. The teachers that will be assigned to this building will be the Misses Grace Jones, Bessie Browne, Grace Gory and Miss Josephine Sawyer or Miss Edna Swanson. Miss Edith Nell has been appointed janitor of the building. The building was constructed on the eight room plan with a view of adding on four more rooms when needed. The lot on which the building stands is 150x147.

most cloudless sky, with temperature at about 80 degrees in the daytime, followed by cool nights that are perfectly refreshing; under my window caladiums are in bloom in the open ground, where they have been unprotected all winter and for weeks hundreds of acres of almonds and other trees have been a solid mass of bloom. California has one drawback, our old and young Ohio friends are not here; so we today renew for the Advocate as the best substitute. Regards and best wishes to all old friends."

COL. BRYAN HERE

TRAIN STOPPED IN NEWARK BUT
THREE MINUTES.

At That Time the Nebraskan Was
Taking Lunch With Gov. Herrick
in Dining Car.

Col. Wm. J. Bryan and Governor M. T. Herrick passed through Newark early Tuesday afternoon en route west on the Pan Handle railroad.

Quite number of people who were

aware that the distinguished Nebraskan and the Governor of Ohio were on the train went to the station with the hope of seeing them and perhaps hearing short addresses, but at the time the train arrived Newark rain was falling and both Col. Bryan and Governor Herrick were in the dining car. The train stopped in Newark only three minutes.

Governor Herrick, who had been attending the inauguration of President Roosevelt at Washington, left the train at Columbus, but Mr. Bryan went to Cincinnati where he speaks this evening.
